SENATOR MARTIN IS 72 YEARS OLD.

Washington. —Senator Thomas Staples Martin, of Virginia was 72 years old on July 29. He was born in Scottsville, Albemarle county, on July 29, 1847. He rounded out his twenty-fourth successive year of service in the United States senate on March 4 last and was re-elected in 1918 without opposition to serve until March 3, 1923.

Senator Martin was the author of senate joint resolution No. 1, presented in April 1917, which declared war on Germany. He was chairman of the senate appropriations committee which during the war year prepared and passed bills appropriating over fifty billions of dollars, the largest amount ever appropriated by any legislative body in any country in history. He was also the senate leader during the war. He is one of the few remaining Confederate veterans in congress, the other two being Senator Hankhead, of Alabama, and Congressman Steadman, of North Carolina. There are two union veterans still in the senate—Senators Nelson, of Minnesota and Warren, of Wyoming.

Senator Martin is now ill in a Charlottesville hospital.

Congress and The Farmer

Is Congress for or against the farmer? Does it favor the cattleman or the packer? The wheat grower or the miller? City folks or country folks?

The COUNTRY GENTLEMAN

has a man in Washington all the time, keeping his ear to the ground at the Capitol and the Agricultural Buildings, in the interest of the farmer. What he has to say from time to time in his Washington letters will be news to you; will give you an insight into conditions as they are and as they will be.

In the issue of August 9—the first one you will receive if you give me your subscription today—he writes about "Congress and the Packers." In that same issue are articles about a 5000-acre tile-drained farm that is raising \$160,000 worth of wheat this year; the way to select a dairy sire; how to build an open-front poultry house; the feeding and care of the brood sow; a splendid Handy Farm Mechanics page, and a bully good fiction story called "The Prodigal Son Gets Part of the Gold." All that in only one issue. And you will get fifty-one other big issues in your year's subscription. One Dollar! Send it to me now.

"We just mopped 'em up"

"Those boys didn't know what retreat meant. And, pep! Say, every mother's son charged as tho' he was the whole American Army. It was the proudest moment of my life."

More than 32,871,000 tins of Velvet Tobacco were sent to the boys in France—enough, if placed end to end, to reach 2340 miles or nearly from New York to Brest. How much it helped them, their friendly letters testify.

Velvet makes friends easily—because, like true friendship, it has been allowed to ripen naturally. For two years, Velvet ages in wooden hogsheads, and when it comes out it is just right—no kick, no bite, no harshness.

You and Velvet—begin that friendship now.
